Essential Tools for Exploration and Geology

KEY CATEGORIES

- Core Management
- Field Instruments
- Safety & Support
- Quality & Durability

OVERVIEW

At Minecraft Mining & Industrial Solutions, we provide geologists and exploration teams with the precise and reliable tools necessary to accurately map, sample, and analyze the earth's subsurface. Our range of exploration and geology equipment is designed for durability in the field and accuracy in the lab, ensuring the integrity of your data and the success of your projects.

Precision Instruments for Field Exploration

ESSENTIAL FIELD TOOLS

CORE EQUIPMENT FOR EVERY
GEOLOGIST

- Geological Hammer
- Geniometer
- Core Cutting Blades
- 3 Tie Riffler

COMPASS

**Brunton Compass: The Standard for
Accurate Measurement**

Rely on the precision of the Brunton
Compass for all your geological
mapping and orientation needs.

PINCH BARS

**SAFETY AND LEVERAGE: OUR
RANGE OF PINCH BARS**

Designed for safety and efficiency, our
pinch bars are essential for safe
manipulation in the field.

Options:

- Steel Pinch Bars (1.5m)
- Aluminum Pinch Bars (1m - 6m)

Key Feature:

Hand Guards come with each pinch
bar

*"Equip your exploration team with reliable field instruments.
Contact us for our full range."*

Lighting, Charging & General Hardware

CAP LAMPS & CHARGING SOLUTIONS

RELIABLE ILLUMINATION FOR UNDERGROUND AND LOW-LIGHT ENVIRONMENTS

CAP LAMPS:

Available in both Cordless and Coded options.

CAP LAMP CHARGING RACK:

Efficient Charging Solutions

Specifications:

- 220 VAC Input
- 5 VDC Output
- 2 LED Indication PC Boards

HARDWARE & HAND TOOLS

QUALITY TOOLS FOR EVERY TASK

We supply a comprehensive range of high-quality hardware and hand tools, ensuring you have the right tool.

Brands/Items:

- RIDGID Wrenches
- GEDORE Tools
- KINGTONY Tools
- Electricians Tool Boxes

DRIZIT OIL SKIMMER

Environmental Responsibility: Drizit Oil Skimmer

Options:

- 220V
- 380V
- 525V
